**Subject : NPRM 02-05 Revised Requirement for Material Strength Properties and Design Values for Transport Category Airplanes & AC 25.613-1X, Material Strength Properties and Material Design Values.**

Dear Mr. Yarges:

Federal Register Volume 67 dated January 29th, 2002 gave notice on the availability of the subject and invited interested persons to submit their comments to the FAA. Transport Canada has no comments for consideration at the present time.

Thank you for the opportunity to comment on the draft Proposed Rule and Advisory Circular.
